2nd Symposium on OCD and Related Disorders

NIMHANS, Bangalore

Dear Colleagues,

It is our pleasure to invite you to attend the 2nd Symposium on OCD and Related Disorders, at NIMHANS, Bangalore, India on October 28th & 29th, 2017. After the success of the 1st Symposium on OCD in 2007, this symposium organized to commemorate 2 decades of the specialty OCD Clinic at the Department of Psychiatry, National Institute of Mental Health & Neurosciences (NIMHANS), Bangalore, India.

The theme of the Symposium will be: **“OCD and Related Disorders : An Update on Research & Treatment Practices ”**

The high-quality scientific programme of the symposium is specifically designed to give the academicians, mental health trainees and practising psychiatrists an opportunity to update themselves with the latest developments in the area of OCD and related disorders, ranging from neurobiology to treatment. We are pleased to announce the topics and the speakers, including internationally renowned faculty. In addition, there will be focused pre-symposium workshops for psychiatry residents and mental health trainees on 27th October 2017.

The tentative Programme Schedule:

1. Nosology of OCD and related disorders: DSM 5, ICD 11 and beyond - Prof. Dan Stein (Professor and Chair of the Department of Psychiatry and Mental Health at the University of Cape Town and Director of the MRC Unit on Anxiety and Stress Disorders)

2. Body Focused Repetitive Behaviours : Scope of the Problem and Management - Prof. Jon Grant (Professor, Department of Psychiatry and Behavioral Neuroscience, University of Chicago)

3. The Co-morbidity of Personality Disorders in OCD - Dr. Sumant Khanna, Senior Consultant Psychiatrist, New Delhi.

4. Brain Basis of Compulsivity - Prof. Odile Van Den Heuvel (Faculty of the Department of Psychiatry, VU University Medical Center Amsterdam, Netherlands & the head of ENIGMA OCD brain imaging work group)

5. Body Dysmorphic Disorder : Identifying, Understanding and Treating - Prof. David Veale (Visiting Professor at the Department of Psychology, King's College, London)

6. Is Prognosis of OCD different in India? - Prof. Suresh Bada Math (OCD Clinic, Department of Psychiatry, NIMHANS, Bangalore)

7. Translating Science into Treatments for OCD - Prof. Helen Blair Simpson (Professor of Psychiatry at Columbia University Medical Center and Director of Center for Obsessive-Compulsive and Related Disorders, University of Columbia)

8. Augmentation Strategies in OCD

• **Antipsychotic augmentation - Dr. T.S. Jaisoorya** (OCD Clinic, Department of Psychiatry, NIMHANS, Bangalore)

• **Augmentation with Glutamatergic and other drugs -Dr. Janardhanan. C. Narayanaswamy** (OCD Clinic, Department of Psychiatry, NIMHANS, Bangalore)

9. Challenges in diagnosis and management of Childhood OCD - Dr. Evelyn Stewart (Associate Professor in the Department of Psychiatry, University of British Columbia, Vancouver, Canada)

10. Family Functioning in OCD and its role in outcome - Prof. Eli R Lebowitz (Assistant Professor of Psychology and Psychiatry & Associate Director Anxiety and Mood Disorders Program at Yale Child Study Center)

11. Brain Stimulation Strategies in OCD

• **Non-invasive Brain Stimulation - Prof. Ganesan Venkatasubramanian** (Department of Psychiatry, NIMHANS, Bangalore)

• **Deep Brain Stimulation and Ablative Brain Surgeries - Dr. Shyam Sundar** (OCD Clinic, Department of Psychiatry, NIMHANS, Bangalore)

12. Neurocognitive Dysfunction in OCD : an update - Dr. Naren Rao (Department of Psychiatry, NIMHANS, Bangalore)

13. Genetics and Cellular Models of OCD : Dr. Biju Viswanath (Department of Psychiatry, NIMHANS, Bangalore)

14. OCD in the context of Schizophrenia and Bipolar Disorder - Prof. Y.C. Janardhan Reddy (Head of the OCD Clinic, Department of Psychiatry, NIMHANS, Bangalore)
